

KH-YPC-DJN21

Physical characteristics

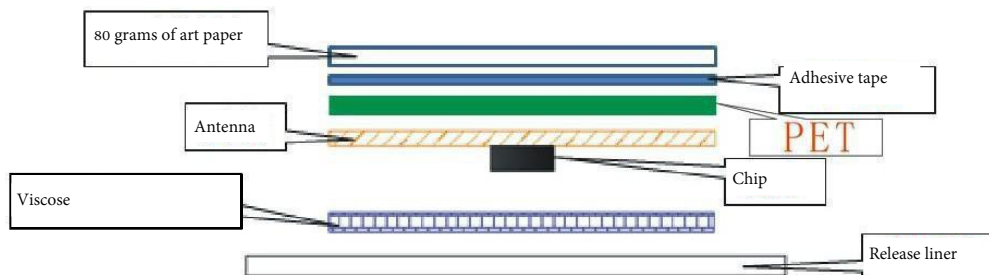

1.1 Appearance

1.2 Size Description

| No. | Category | Description | Notes |
|-----|---------------|-----------------------|----------|
| 1 | Size | 25*25mm | |
| 2 | Skip distance | 15 mm | |
| 3 | Liner width | 31MM | |
| 4 | Facestock | 80 grams of art paper | Glassine |
| 5 | Qty per reel | 1000 sheets | |
| 6 | Packing | Static bag sealing | |

1.3 Structure

2 Electrical Characteristics

| Item | Description | Remark |
|----------------------|---|--------|
| Manufacturer/chip | NXP ntag213 | |
| Base material | PET | |
| Antenna | (AL 10um) | |
| Protocol | ISO/IEC14443-A Agreement | |
| RAM | 144 bytes | |
| Frequency | 13.56MHz | |
| Operating mode | Passive | |
| IC life | 100,000 programming cycles, 10 years data retention | (HBM) |
| ESD voltage immunity | 2000V | |
