

Shenzhen Kinghelm Electronics Co., Ltd

**Specification:**

Antenna 3m + Amplifier 0.6m = Total Length 3.6m Extension Line

Plate Aerial: 250X220mm

No Packing: 160g

1. Supports the 1080 p HD mode
2. 50 Miles range
3. Coaxial Cable:length 4m
4. Connector Type: Turn F male connector to TV
5. V.S.W.R.: ≤ 1.5 , max:1
6. Impedance: 75
7. Multi-direction ability
8. Can receive all of the "free" channels
9. Gain: 28 DBI (With amplifier)
10. The color of the conventional antenna board is divided into white, black, transparent, support to sample and drawing ordering
11. Service Frequency: 174~240mhz , 470~862mhz
12. Double Sided Adhesive Tape
13. The color of the radome is black
14. Operating Temperature: -45~85°C
15. Storage Temperature: -45~85°C
