

Technical Requirements:

1. Untoleranced dimensions according to GB/T1804-M
2. Temperature Range: -55°C ~ +155°C
3. Standard Impedance: 50
4. Frequency Range: 0~3GHz
5. VSWR: 1.5 Max
6. Voltage Withstand: 750V
7. Insulation Resistance: >5000M
8. Mechanical Durability: 500 Cycles
9. Salt spray test meets 24 hours
10. Product surface clean, free of burrs and defects, material compliant with RoHS standards
